Summary

Highly skilled Front-end Web and Mobile Developer with 2+ years of experience creating visually stunning and user-friendly digital solutions. Proven track record of delivering high-quality projects on time and within budget. Passionate about staying up-to-date with the latest technologies and trends. Strong problem-solving, communication, and collaboration skills. A team player who enjoys working with others to exceed client expectations. Looking for new and challenging projects to continue my career as a Web & Mobile Developer.

Experience

Web & Mobile Developer

Mediot & Digieye Companies, ABA-Technologie

Front-End & Mobile App Developer, (Mai/2022 - June/2023)

- Worked on more than 10 IoT projects for Mediot and Digieye companies using React.js and mobile applications using Flutter.
- Collaborated with cross-functional teams, including designers and back-end developers, to deliver high-quality products that met clients' needs.
- Developed responsive and user-friendly UI components, features, and modules that improved the overall usability and user experience of the applications.
- Contributed to the optimization and maintenance of existing applications, ensuring their continued performance and reliability.
- Actively participated in code reviews, providing constructive feedback and implementing changes to improve code quality and maintainability.
